Frameworks & Libraries: Spring Boot, React
Databases: MongoDB, MySQL
Tools & Cloud: Git, GitHub, Firebase, Google Gemini API, AWS, Figma
Soft Skills: Public Speaking, Team Leadership, Project Planning, Problem Solving

Experience

Google Developer Groups (GDG) On Campus Bangalore, India
Tech Co-Lead Sep. 2025 – Present
• Advised core GDG team on technical strategy; led execution of operational plans to boost team productivity.
• Coordinated project timelines and resource allocation across student developer initiatives.

Social Winter of Code (SWOC) Remote
Open Source Mentor Jan. 2026 – Mar. 2026
• Mentored open-source contributors; reviewed PRs and advised on evaluation criteria for a national program.

GirlScript Summer of Code (GSSoC) Remote
Open Source Mentor Sep. 2025 – Dec. 2025
• Reviewed PRs, provided structured feedback, and ensured code quality for a national open-source program.

Projects

Ask_Lord_Krishna.ai | Java, React, Spring Boot, MongoDB, Gemini API Aug. 2025
• Created an AI-powered interactive chatbot simulating philosophical dialog utilizing Google's Gemini API.

Jagruthi 3.0 | Flutter, Firebase, Google Maps API 2026
• Engineered a women's safety mobile app with real-time location tracking, SOS alerts, and safe-route suggestions.
• Built cross-platform application on Flutter with Firebase real-time sync; secured **1st Place at Protonex 2026**.

Rail Radar | Java, React, Spring Boot, MongoDB, REST APIs 2026
• Designed Spring Boot REST APIs to serve live train tracking data to a responsive React frontend rendered on an interactive map.

Chrono-Med | React, Spring Boot, Python, AI/ML, MongoDB 2026
• Built an AI-powered drug safety assessment platform backed by a database of millions of medications.
• Developed multi-drug interaction risk engine and integrated prescription reader and analyzer to identify side effects.

Awards & Achievements

Protonex 2026: 1st Place (National Level Hackathon) for Jagruthi 3.0
Algo-Royal Hackathon: 2nd Place at Christ University, Bangalore
Scholarships: Auxilo Impact Scholarship 2026 | YS Pan India Merit Scholarship 2025 | PR Ralker Merit Scholarship

Certifications

Oracle: OCI & AI Foundations | **HackerRank:** Core Java, Problem Solving
Simplilearn: AWS Fundamentals | **Forage:** JP Morgan SWE Simulation | **Infosys:** MongoDB

Education

Presidency University Bangalore, India
Bachelor of Technology in Computer Science and Engineering (CGPA: 7.55) Aug. 2023 – Jun. 2027
